Family dispute attracts police

BELLE GLADE - Two men are facing charges as a result of a family squabble Saturday, September 17 that drew the sheriff's SWAT team and city police officers to the residence of one of the suspects.

William H. Muller, 33, of 640 El Prado Drive in Belle Glade, is charged with aggravated battery after allegedly striking his father-in-law, L.B. Cook of 33 Southeast Avenue M. Muller is also charged with aggravated assault after he supposedly threatened his brother-in-law, Ronald Cook, with a gun.

L.B. Cook has been charged by police with opposing and obstructing justice and, according to Belle Glade Police Detective Ray Swaford, Muller has charged him with battery after L.B. Cook allegedly hit him.

According to Swaford, the incident centered around L.B. Cook's attempt to settle a family quarrel with his daughter, Angela Muller.

Cook apparently went to Muller's house to apologize to his daughter when the incident erupted.

Swaford said Cook told him Muller protested when Cook hugged Angela Muller and an argument developed between the two.

Muller apparently told Swaford that the incident started when Muller protested that Cook had mistreated Muller's wife by grabbing her by the neck.

The argument developed to the point where Muller apparently ordered Cook out of the house and, when Cook refused to leave, Muller produced a .22 calibre revolver and brandished it in Cook's face.

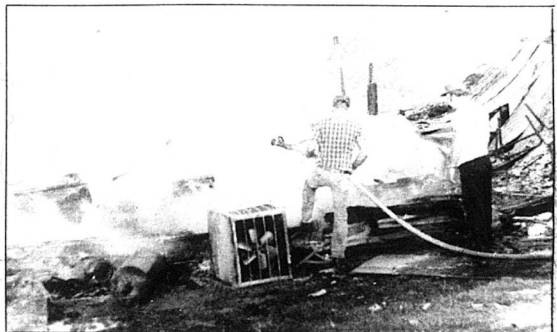

According to Muller's story, Muller then pointed the gun toward the door and shot once, then placed the gun back in his father-in-law's face.

Cook supposedly told Swaford that the gun went off when Doreen Cook, L.B. Cook's wife, grabbed Muller's arms.

The shots attracted Ronald Cook, Muller's brother-in-law who lives nearby. When he approached Muller, Muller threatened him, according to Ronald Cook.

After everyone else left the scene, Muller apparently took his family, including three daughters, to visit one of his relatives.

Police were notified that shots had been fired and when they arrived and no one answered the Muller's door, the Palm Beach County Sheriff's Office continued on page 13

City undecided on rate study

By JEFF BROWN

SOUTH BAY - The South Bay City Commission is still apparently undecided over whether it will hire a consultant to study its water rates, despite

a workshop Monday night, September 19 to look into the matter.

If Mayor Donald Tanner has his way, the city won't be hiring the consultant who had already presented the city with information on basic rate structures.

That information, which wasn't specific and, by the consultant's own admission, had no concrete or definite proposals in it to lower water rates, cost the city \$3,700.

Bonita Gooch said she could come up with some proposals to restructure the schedule for an additional one-time charge of \$4,700 or she could charge the city on an hourly basis.

Tanner said he's "unalterably opposed to giving her \$4,700" because Gooch would most likely develop proposals that the city couldn't implement anyway.

He added that the city had recently successfully completed a four-year defense of the current rate schedule through the courts. City Attorney James Gann sent the commission a memorandum stating that any change in the structure could open it up to future legal problems.

Tanner said he preferred to keep the current structure in an effort to avoid future law suits over the matter.

"Those court cases got me sorta shell-shocked," said Tanner. He added that many residents already feel the current rate structure is unfair and to tamper with the system in any way could only encourage them to file a suit to change it.

City Manager Lomax Harrelle agreed. "I really feel, if we alter that rate structure, we can be prepared. We're going back (to court) again," said Harrelle.

Gooch agreed that a decision to change the structure could be challenged in court, but added that any decision the commission makes could be challenged legally.

Tanner and Harrelle suggested the city use the \$4,700 to give each meter customer in the city a rebate instead of paying Gooch for a rate study. Gooch said the city couldn't give a rebate until it experiences an improvement in the financial situation at the utility plants.

She said her study wouldn't result in a rate reduction, but in a redistribution of the charges. Higher rates would be levied on the businesses in town under one of the plans she submitted, while lower rates would be extended to single-family units that could "benefit from reduced rates," said Gooch.

"You don't think that business could benefit from a rate reduction," asked Tanner.

Police make drug arrests

BELLE GLADE - Eighteen people are facing drug dealing charges and more arrests are expected in the aftermath of a sweep by local law enforcement agencies through the local narcotics dealing community last week.

Agents from four local agencies, the Palm Beach County Sheriff's Department, Belle Glade Police Department, South Bay Police Department and Pahokee Police Department, made the arrests starting last Wednesday, September 14 as part of a three-month investigation.

The arrests resulted from alleged sales made to undercover agents by the suspects.

Those arrested at press time included:

Robert Grant of 416 Southwest Avenue C in Belle Glade for two counts of sale of cocaine. His bond was set at \$20,000.

James Tillman of Tillman's Pool Hall in Delaville for one count of sale of marijuana. His bond was set at \$5,000.

Edward Rivers of 625 Southwest Avenue E in Belle Glade for two counts of sale of cocaine. His bond was set at \$20,000.

Randy Walker of 419 Southwest Avenue C in Belle Glade for one count of sale of cocaine. His bond was set at \$10,000.

Lorenzo Cooper of 623 Northwest 11th Street in South Bay for one count of sale of marijuana. His bond was set at \$5,000.

Larry Northington of 240 Southwest Fourth Street in South Bay for two counts of sale of marijuana. His bond has been set at \$10,000.

Anthony Perkins of 512 Southwest Avenue C in Belle Glade for two counts of sale of marijuana. His bond has been set at \$10,000.

Timmy Grant of 437 Southwest Avenue E in Belle Glade for two counts of sale of marijuana. His bond has been set at \$10,000.

Carl Brown of 408 Southwest Avenue C in Belle Glade for two counts of sale of marijuana. His bond has been set at \$10,000.

Clubs raising funds for crib tops

BELLE GLADE - Two local clubs have joined forces in an effort to obtain crib tops for Glades General Hospital.

The six crib tops clamp on the cribs to prevent children from climbing out when continuous supervision cannot be maintained, according to literature obtained from the Belle Glade Junior Woman's Club. The Belle Glade Women's Club is also attempting to solicit funds

for the tops.
The cost of the tops is \$3.700.
The Junior Woman's Club is attempting to raise funds for the tops through a doll giveaway.
Tickets for the giveaway, which is scheduled for the club's annual lunch with Santa December 10, can be obtained for a one dollar donation.
Tickets are available from any member.

Joyner plant clinic slated

BELLE GLADE - A plant clinic will be conducted by Gene Joyner,* urban horticulturist with the Palm Beach County Cooperative Extension Service, at the Glades Agricultural Office at 2979 North 441 in Belle Glade Friday, October 7 from 11

Individuals with problems in their landscapes may bring in their problems with trees, shrubbery or lawns and an agent will be available to examine the samples and make a diagnosis. Also, bulletins on various subjects are

also available at the agricultural extension office.

People who are unable to go to the office during the clinic may call in plant problems at 996-1655.

The clinic isn't a formal lecture or class and is conducted on a very informal basis.

Photo workshop offered

BELLE GLADE - A beginning photography workshop will be offered at Palm Beach Junior College, Glades Campus starting Tuesday, October 4, according to Judy Schiele, continuing education director.

The classes are from 7:30 to 9:30 p.m. and the fee is \$8. Schiele said the workshop in basic photography will give elementary instruction for new or inexperienced owners of manual, adjustable, semi-automatic or programmable camera owners.

The instructor will be Joseph Orsenigo.

Registration is required by October 3.

Other workshops offered include a basic bookkeeping class taught by Nataleah Nachman. This workshop is for the small business owner or individual who is interested in developing basic bookkeeping skills. Techniques and principles to be taught include a cash or running journal.

Registration will be ongoing until September 30 at 4 p.m.

A child care workshop will start October 3 and will be taught Mondays and Wednesdays from 7 to

Opinion

Apartment don't mean more crime and litter

A group of citizens living on the southern end of Southwest Third Street in Belle Glade are concerned with the prospect of a quad-plex going in next door on Southwest Second Street.

The Belle Glade City Commission, which has to approve or disapprove of a request to rezone the land designated for the structure, heard the complaints and decided to approved the rezoning anyway, thus clearing the way for its construction.

We believe the commission made the right decision, considering the arguments presented by both sides.

Opponents of the apartment argued that since other apartments had been built in the single-family neighborhood, crime has increased and the area has become messier.

Supporters of the apartment, including Mayor Thomas L. Altman, say that apartments don't cause an increase in crime and pollution.

That's true. People are responsible for an increase in crime and pollution. Whether they live in an apartment, a single-family house, a trailer or a cave has no bearing on the matter.

A slob can keep a house that is messier than a cave that serves as home to a clean, law-abiding person.

Likewise, murderers and robbers live anywhere that is available, not just in apartments. Some even use the

backyards of their houses for grave sites.

The argument that a new apartment will increase crime and litter in the neighborhood is no argument at all because it isn't based in fact.

The argument that the quad-plex will provide some much needed standard housing in an area suffering from a lack of adequate living space is based in fact.

One of the biggest problems faced by Belle Glade is the lack of housing in the southwest section. Residents of the section, the rest of the city and even the county are aware of the problem and want to see something done about it.

In this instance, a private developer wants to invest a large sum of money in the area and construct some adequate and standard housing. Residents there shouldn't be trying to chase out the developer and his plans. It may scare away others and make solving the problem that much harder.

We think the commission was right in rezoning the property to allow the construction of the apartment and we appreciate the decision of a private developer to invest in the area by building some much needed housing.

We urge residents in the area to learn to live with their new neighbors. They may be good people.

Curiouser and curiouser—no money for rebate but

We find it very curious indeed that the South Bay city commission has decided to place \$4,500 in the budget for 1983-1984 in the event it decides to hire Bonita Gooch to conduct a water rate schedule study.

City Manager Lomax Harrelle and Mayor Donald Tanner both suggested the city could use the money to give the approximate 1,100 water meter consumers in the city a rebate, since Gooch's avowed aim is to attempt to lower rates for a segment of the consumer-public by raising the rates for the other segments.

Tanner and Harrelle said the rebate would keep the money in the city, not Riviera Beach, where Gooch hails from.

Even Gooch, who claims to be out to help the water customers in South Bay, would hear none of that. She said the city couldn't give a rebate until it experiences better financial conditions at the water plants.

That, she said, is something she can't provide. Lower rates isn't what she's promising. She's promising a redistribution of the fees.

So it seems the city can't afford to give a water rebate to the customers, but it might be able to afford to spend \$4,500 on Gooch's study to determine that rates can't be lowered, only redistributed.

But wouldn't a rebate to water customers be, in effect, a type of rate reduction?

Road improvements are the key to Glades' future growth

When South Bay Mayor Donald Tanner was asked by a city commissioner when the city would start to grow, he hit the bulls-eye with his answer.

He said South Bay would start to grow when state road 80 and US 27 are four-laned.

His answer holds true not just for South Bay but for the entire Glades area.

South Bay, Belle Glade and Pahokee will not grow until the roads leading into and out of this area are improved. Period.

We can have all the industrial development councils or boards or enterprise zones or tax breaks and incentives under the sun, but they don't mean a thing to most industries if they can't safely and economically get their raw products in to and their finished products out of the area.

They cannot do that on state road 80, US 98 or US 27.

Until those roads are four-laned, most industries will find it more

economical to locate closer to population centers than in between two population centers. The advantage of being between the coasts means nothing when you have to ship ALL of your goods over bad roads to reach most consumers.

Better to locate in one population center and ship just part of your goods the full distance.

Until our roads are improved, industries will stay away from the Glades.

Without diversified industry, the people who live here will be faced with seasonal employment and the same shoestring lifestyle they have now.

Roads present the biggest problem facing the area right now.

Those who want to see the area grow and thrive should be putting most of their attention toward improving the roads into and out of this area, for if that isn't done, any improvement can only be superficial.

Stick this in your ear

It's really quite rude of us all, you know. Discussing the President's hearing aid as though he couldn't hear a word we were saying.

Just think if it were one of us — would we like having it put in all the newspapers and discussed on TV as though we were as stone deaf as the Statue of Liberty?

There's no doubt, of course, that his new hearing device will bring happiness to thousands of people. Mrs. Reagan, for instance. Forty years is a long time to have to keep nudging your husband in the ribs or kicking him at the dinner table to get his attention. I'm sure Mrs. Thatcher is pleased too. Imagine spending all that money to phone from England in prime time to be greeted by: "What did you say your name was? You'll have to speak up, sonny, I can't hear you."

The Reagans' neighbors, too. Forty years is a long time to live next door to someone who plays the TV too loud. Would you want to call up the President of the United States of America to ask him to "Turn it down a little because some of us have to go to work in the morning?"

The company that built the itchy-bitsy earpiece is enjoying phenomenal sales apparently. But it wouldn't have made a nickel from my Uncle Archer. It doesn't have a gizmo on it to turn it off.

Uncle Archer's problem was he couldn't hear the baseball games on radio. He couldn't hear my Aunt Kate, either, but he didn't think that was a problem. Anyway, the hearing aid he wore had a volume control on it. He always put his hearing aid on when he got dressed in the morning but he

AILSA DEWING

"And What Not"

didn't bother to turn it on until there was a ballgame. When Aunt Kate asked him why he didn't leave it turned on all the time, he said it was because there was too much static in the air. Before Aunt Kate could say anything to him she had to walk over and turn up his volume control. If she was busy she'd tell one of the kids, "Go turn your father on."

All of this hullabaloo over somebody getting a hearing aid is ridiculous when you think about it. Will the media keep us informed if the President gets new eyeglasses or new dentures? I'm sure the Russians must wonder at us. Is there a Russian word for "tacky"?

Indelicate as it may be to discuss it, the President's new hearing aid bodes good for many people. Increased orders for hearing aids just like it are bound to give employment to a number of people. And to those who disagree with President Reagan's policies it brings new hope. All this time they thought he just wasn't listening. Maybe he was listening all the time. He just wasn't hearing.

On sugar and small town newspapers

I had a call from a Newsweek magazine reporter Tuesday morning wanting background information on United States Sugar Corp.'s unusual recent announcement.

USSC got a lot of people's attention when it said it was buying up stock to give its employees a personal stake in the company.

The Newsweek reporter began by wanting to know what I could tell her about the Mott family.

She was surprised to learn that the Motts do not live in Cleveland, but that transgression can be forgiven. After all, the Motts could give the

JIM JONES

Boiler Plate

impression of living here due to their interest and concern for the community.

Then, I told her that while we were as surprised as anyone by the announcement, it was completely in keeping with USSC's character.

The company has done a great deal in the way of scholarships, and community gifts, such as libraries, swimming pools, and parks.

She followed this up by wanting to know if USSC was still having labor problems. I told her the only labor problems USSC has is in the minds of misinformed outsiders.

I explained to her how USSC recruits extensively each year for domestic cane cutters, but always must fall back on the offshore cutters to get the crop in.

I even referred to recent congressional hearings held in the Glades in which a certain California congressman tried to use an illegal alien program in his home district to torpedo the H-2 program.

Finally, she asked if she could come over some day to look at my clip files.

I paused a second and told her, "I don't have a clip file, but you're welcome to look through out back issues."

She laughed and said, "You really are a small hometown paper."

I thought she summed it up beautifully. I couldn't have agreed more.

Letter

She likes gospel music on radio

Editor:

I deeply desire to publicly express my appreciation to our Glades radio station WSWN for what I consider their many excellent programs centered around Holy Bible teachings, and Good Gospel music.

These, seem to me, to be especially in keeping with our good President Reagan's recent

proclamation declaring 1983 as the "Year of the Bible."

I feel that the lives of many persons residing within the scope of WSWN, are being enriched both spiritually and morally by their radio activities, pertaining to the World of God. (Numbers 6: 24-26)

West Tech classes still open

Several evening classes at West Technical Education Center still have openings for part-time students. The evening director, Steve

Stahlsmith, said Plumbing, Carpentry, Machine Shop, and Advanced Truck Driving classes are still open for late registration. Interested persons

should call West Tech Leaders are invited to attend the Basic Leadership Training Course scheduled for October 10, 12, and 17, 7 to 9:30 p.m. at the Glades Central High Annex in Belle Glade.

Girl Scouts organizing in Glades area

Palm Glades Girl Scout Council is organizing fall troops in the communities of Belle Glade and Pahokee. The organization is actively seeking adult volunteers, 18 years and older, to

work with existing and newly formed troops of all program age levels. Troop leaders, special interest consultants, resource specialists and adult volunteers needed to assist with short term projects are among the positions available for adults. Some positions involve direct contact with girls, some are administratively inclined. Those interested in joining the Girl Scout

movement as Troop Leaders are invited to attend the Basic Leadership Training Course scheduled for October 10, 12, and 17, 7 to 9:30 p.m. at the Glades Central High Annex in Belle Glade.

English class is offered

Vocational English classes will be offered at West Technical Education Center this year. The instructor, Martha Davidson, said the class is designed for students needing to improve English communication skills, on the job or for finding a

job. The classes will be held at West Tech Monday through Thursday from 7 to 10 p.m. Those interested in the class should register by calling 996-4933 or contacting the guidance office at West Tech.

Fraud inquiry results in arrest

BELLE GLADE - A Haitian man and woman are facing charges stemming from the alleged theft of unemployment checks.

According to Detective Ray Swaford of the Belle Glade Police Department, Marie Rose Joissaint, 33, of 408 SW Avenue D, Place number 21 in Belle Glade is facing charges of uttering a forged instrument, principal in the first degree and she may be charged with up to 16 counts of grand theft and forgery.

Clayton Jean Pierre, 35, of 516 Southwest Avenue E number 309 in Belle Glade is facing a charge of forging an instrument.

Swaford said Florida Department of Labor

for forging an instrument. Pierre told police he was picking up a friend, Joissaint, who had been in Haiti since April, had been drawing unemployment checks since June and that he was scheduled to pick up his check at 1 p.m. that day.

Swaford went to the unemployment office on Northwest Avenue L and was told that, according to records, Previloni was six feet tall and weighed 195 pounds.

Swaford waited for Previloni to arrive and, about 1 p.m., an individual standing five feet, two inches, and weighing 150 pounds walked in and signed up as Previloni.

The individual, Pierre, was arrested

for forging an instrument. Pierre told police he was picking up a friend, Joissaint, who had been in Haiti since April, had been drawing unemployment checks since June and that he was scheduled to pick up his check at 1 p.m. that day.

Swaford said Joissaint arrived at the station and told police she had been receiving the checks for some time.

She was then arrested as the principal in the first degree in uttering a forged instrument.

Lee, the fraud investigator, will apparently bring originals of up to 16 checks of \$138 each that Joissaint allegedly forged and cashed.

Previloni is apparently living in Haiti.

Narcotics, gun charges levied

BELLE GLADE - A man who carried a gun into a bar was facing several charges from the incident.

According to Detective Ray Swaford of the Belle Glade Police Department, the department had received information September 17 that a man had entered E&V Bar at Southwest Fifth Street and Avenue B Place with a

gun. Two officers, Dwayne Mayo and L.D. Grieve, went to the establishment and located a man filling the description at a table.

When Mayo asked the individual to rise, the individual attempted to turn and flee, but Grieve apprehended him immediately.

A .22 calibre revolver was found in the individual's waste

band along with 43 quaalude tablets. The gun bore a social security number engraved on the grip frame and, when traced, it was discovered the gun was stolen from a Miami location.

The suspect, Ricky Mack, 24, of Miami, was charged with carrying a concealed firearm, possession of a controlled substance and dealing in stolen property.

Evans: Taking it from the top

The first computer was made by God. The human personality works on the same principle as the computer that predicts election returns and so forth.

All thoughts, acts, and reactions are fed into the part of the mind which controls the personality of man. All that he comes into contact with goes to make up the personality. All that you and I feed into our systems reflects itself in our personality. This in turn comes out in our actions, feelings, and desires.

Our Lord knew that actions were not isolated whims but the result of our thinking and desires. He knew that what we think in our hearts, how we act and feel. He said anger and contempt are sinful and could be a prelude to murder if not physically in other ways.

Jesus says the law is the first step but Christians must go beyond the law. We are to control the intake of our thoughts.

Jesus brings the discussion of obedience to the law — the Ten Commandments — into a new focus. The prophets had said "Thus saith the Lord" and now Jesus says "You have heard that it was said to men of old... but I say unto you..."

His words were based on His own authority. He was the Son of God in flesh.

Jesus was not so much overturning the law but giving it a new dimension. He knew the natural man needed more than a list.

Obedience must come from the heart as well as the mind. The law must be accepted in spirit as well as in the letter of it.

We like a definite list because then there is no decision. We feel secure and confident and even proud when we obey it. This is not possible with the Gospel or in the Kingdom of God. There is decision and daily struggle for each of us.

Jesus was illustrating a kind of life and not giving a code of ethics. He does not give another law but a way of life.

Christian life according to Christ begins with the expanded concept of the law. Christ which threaten our ex- want. "to live by the Spirit of the law. Obedience is not in terms of action only. Law is destroys judgment. It

to guide us, not to only stop us from doing wrong things. The law is to promote the free development of our spiritual character. The law is not to be an end in itself. We ought to remember that discipline in the Christian life is a good and essential thing.

Jesus goes on to give an illustration that a person who is angry is in danger of judgment. He knows that if we allow the thoughts of hate and bitterness to gain a place in our lives they might control our actions.

Jesus is saying that anger for an individual is a dangerous thing. Anger sets the emotional mechanism of a person into action. This action is like a steam engine, it must move equipment to dissipate the energy or find release.

This anger enables our system to meet with the expanded concept of the law. Christ which threaten our ex- want. "to live by the Spirit of the law. Obedience is not in terms of action only. Law is destroys judgment. It

throws off our mental balance. We say our emotions are angry which we would not normally say or do.

If this anger does not end in action it can remain in our system and can poison our thinking and even affect our physical bodies — our digestive functions.

Anger can also be dangerous for a nation or a community. This emotional state can drive it to things it would not otherwise do if it were in complete control.

Jesus knows the uncontrollable hate of the zealots. These fanatics had bound themselves

together in a blood pact against the Romans. Their hatred finally brought the destruction to their own country.

"Our Lord gave His disciples a new concept in living. He knew the power of the mind. He wants us to control our thinking and thereby control our actions.

If we allow hate and greed and lust to fill our minds, then these factors can exert a tremendous influence over us. But if we fill our minds full of the love which we have known in Christ, then love will dominate our actions.

Anger can turn to bitterness and bitterness can eat us. Love can grow also but it fills us with goodness and a desire to do God's will, and to love and serve others. Life will not be a drudgery, but a joy."

Blue Devils lose to Boca Raton

PAHOKEE - The Blue Devils dropped to 0-2 after losing to Boca Raton Friday, September 16, but Coach Amos Turner thinks the team has matured in its first two games and should be tougher to beat through the remainder of the season.

"We looked great," said Turner of the Pahokee team in its 20-21 loss. "In high school, when you score 20 points or more with the type of defense we got, you're supposed to win the ball game."

"The special teams have got to be what's lost the ball game for us. We'll have to work on them."

The punt return team fumbled two snaps that Boca Raton recovered and ran in for touchdowns, thus prompting Turner's com-

ments. But Turner was quick to point out that he wasn't trying to make the special teams into the heavy.

"They're a little inexperienced and he (the ball holder) just sort of froze up," said Turner. "That's just one of those things. You can't get to upset about it. You just have to hope it works itself out."

Pahokee quarterback Richard Payne teamed up with Anthony Smith to complete a 37 yard touchdown pass and put the Blue Devils on the score board in the first quarter.

Boca Raton picked up 14 points on two touchdowns that period and would hold the lead through the game.

In the third period, tailback Paul Buxton car-

ried the ball in from two yards out for the Blue Devils second touchdown, but Boca Raton was keeping the game out of reach with a touchdown and extra point of its own.

The Blue Devils closed to within one in the fourth when Darren Brown recovered a loose ball and carried it over from the two yard line.

The two point conversion was successful, but that only put the Devils within one. That slim edge would prove insurmountable for the Devils as time ran out.

Richard Lyndale was the Blue Devils' leading rusher with 31 yards. Kenny Berry, the back up quarterback, moved the ball for 23 yards on the ground, second highest on the team.

Berry also threw five complete passes for 62

yards. Starting quarterback Richard Payne threw four complete passes for 97 yards.

The Devils picked up 217 total yards, 80 of it rushing and 137 yards passing.

Centil Daley, a middle linebacker, made six tackles and one assist to lead the team defensively.

This week, Pahokee hosts Jupiter at 8 p.m. on Lair Field.

to Bobby Seles in the third and a 10-yard relay Mirto Vigos in the fourth period.

Defensively, James Barnwell made 10 tackles and four assists to lead the team and Rodney Brown came in with nine tackles and five assists.

Turnovers were exchanged by the two teams. Crusaders picked up two Boca fumbles and Boca intercepted two CDS passes.

Jacks said he's hoping a full week of hard practices will enable the Crusaders to turn the season around.

"We're looking forward to Friday," said Jacks.

CLAIMING THE RECOGNITION was long overdue, Mayor Thomas L. Altman presented the coaches of three city championship teams dating back to 1980 with resolutions commending the ac-

complishments. The resolutions presented on behalf of the city commission went to Jay Seider, whose Glades Central Raider girls track team won the 3A state championship in 1982 and 1983,

Willie McDonald who coached the Raider boys to a 3A track championship in 1983 and Byron Walker, whose Glades Day Gators won the class A football titles in 1980 and 1982.

Softball tournament set

James Hill, president of the Moore Haven Quarterback Club, announced the club will sponsor a softball tournament Oct. 8-9 at the Moore Haven ball field.

The co-ed tournament will be open to all teams. Hill said the entry fee would be \$85.

Funds will be used to bolster the Moore Haven high school football program.

Teams interested in participating should contact Hill at 846-0130.

Safety award presented

Gulf & Western Food Products Company won the annual safety award at the 17th Annual Safety Conference in John B. Boy Auditorium, Tuesday, Sept. 20.

The conference designed to create an awareness of and improve industry safety standards was jointly sponsored by the Florida Sugar Cane League and the Florida Bureau of Industrial Safety and Health.

Gulf & Western vice president and safety specialist, Fernando Iz-naga was presented the safety award. Iz-naga posted the best frequency/severity index, based on employee accidents for each ton of ground sugar cane. The winning index was 30 percent better than average.

Other participating mills included United States Sugar, Sugar Cane Growers Cooperative of Florida, Osceola Farms Company and Atlantic Sugar Association.

The featured speaker at the conference was

Dr. William J. Becker, extension safety specialist at the Institute of Food and Agricultural Sciences, University of Florida. Certificates of accomplishment were also presented to members of the Florida Sugar Cane League's Safety Committee. Members include: Iz-

naga; Chairman Gene Dodgen, A. Duda & Sons; Ernesto Priede, Atlantic Sugar Association; Chis Davison, Osceola Farms Company; Joaquin Mendiburo, Sugar Cane Growers Cooperative of Florida; and Nick Smith, United States Sugar Corporation.

U.S. Sugar offers stock ownership to employees

United States Sugar Corporation announced Sept. 15 that United States Sugar Corporation and the Trust under the newly established United States Sugar Corporation Employee Stock Ownership Plan will commence on or before Wednesday, September 21, 1983, a cash tender offer for up to 3,588,137 shares of United States Sugar Corporation Common Stock at \$68 per share.

John B. Boy, President of United States Sugar Corporation, states, "The offer is being commenced at this time so that our public stockholders have an opportunity to receive a substantial premium over market for all of their shares. The Company's employees will be able to acquire a substantial equity interest in the Company

through an employee stock ownership plan and thereby directly participate in United States Sugar Corporation's future growth."

After the consummation of the offer, the Charles Stewart Mott Foundation, the Mott Children's Health Center and members of the Mott family will continue to own in excess of fifty percent of the Company's common stock outstanding.

Mr. Boy said, "It is the strong desire of the Mott interests that the employees who have greatly contributed to United States Sugar Corporation's success have the opportunity to own a substantial interest in and, in turn, benefit from the company which they helped to build."

C.S. Harding Mott, senior member of and spokesman for the Mott interests, emphasized, "The Mott interests are extremely enthusiastic about the proposed transaction, because it benefits all who have a stake in United States Sugar Corporation, particularly the employees who now will be able to have a meaningful investment in their future. Through our remaining holdings in United States Sugar Corporation, the Mott interests will continue their very personal and long-standing relationship with the Company and the local Florida communities in which the Company is involved."

Subject to the terms and conditions of the offer, the Company expects that all shares

tendered by the public stockholders will be purchased pursuant to the offer. The Company does not presently intend to effect any business combination following the offer. Accordingly, stockholders who desire to receive \$68 for each of their shares should tender their shares promptly following commencement of the offer. The First Boston Corporation is acting as financial advisor to the Company with respect to the fairness of the financial terms of the offer to the public stockholders. Chemical Bank is providing the financing for the Offer.

The Company stated that the offer will be made only pursuant to definitive offering materials which will be mailed to stockholders promptly following commencement of the offer.

A TRUCK DRIVER DIED when his rig crashed and burned on state road 80 seven miles east of Belle Glade Friday afternoon, according to Florida Highway Patrol reports.

SWAT

Continued from page 1

SWAT team was called. According to Swaford, the police didn't know the Mullers had an automobile and, seeing the family truck still parked, they thought there was a possibility that Muller had taken his family

hostage. That suspicion was only strengthened when family members said Muller had been acting disturbed.

After standing siege over the place for about an hour-and-a-half, the police learned the Mullers had left in the

family car.

They then thought Muller may have abducted his family.

When Muller returned to town the next day and learned the police were looking for him, he contacted them.

juana. His bond has been set at \$10,000.
 • Richard Peterson of 676 Southwest First Street in Belle Glade for one count of sale of marijuana. His bond has been set at \$5,000.
 • Willie Wimberly of 706 Padgett Circle in Pahokee for three counts of sale of cocaine. His bond has been set at \$30,000.
 • James Earl Jackson of 329 South Lake Avenue number 22 in Pahokee for three counts of sale of cocaine. His bond has been set at \$30,000.
 • Melvin Neal of 20 Northwest Sixth Street in Belle Glade for two counts of sale of marijuana. His bond has been set at \$10,000.
 • Isaac Nelson of 354 Rardin Avenue in Pahokee for two counts of sale of cocaine. His bond has been set at \$20,000.

• Joe Jenkins of 170 West Third Street in Pahokee for four counts of sale of cocaine. His bond's been set at \$40,000.

• Ollis Burton, Jr. of 548 Southwest Seventh Street in Belle Glade for two counts of sale of marijuana. His bond's been set at \$10,000.

• Richard Love Harris of 795 Padgett Circle for two counts of sale of cocaine. His bond's been set at \$20,000.

Most of the arrests were made Thursday evening although one was made Wednesday and apprehensions continued up to Friday.

Bond was set at \$10,000 per count of sale of cocaine and \$5,000 for count of sale of marijuana, according to a release prepared by Sheriff's Detective Richard Browning.

Rate study consultant

Continued from page 1

Gooch said she thought most businesses would look upon the rate increase as minor, saying most of the increases would add up to about the salary of one executive in a year.

Tanner said he disagreed because many businessmen complained about a \$750 ready-to-serve charge.

"Businesses aren't going to stand still for higher rates so single families can get lower rates," he said. "We went through several years of studies and this was the cheapest, most applicable plan we could come up with."

He also pointed out that an inverted rate structure of the type Gooch was proposing wasn't an actual rate reduction.

"The city has to grow considerably for

everyone to get lower rates," admitted Gooch.

"This plan would give immediate relief."

Tanner said that the plan may provide immediate relief, but in the long run, it would hurt South Bay's chances to grow by scaring away business that may otherwise locate here.

Commissioner Willie Marshall asked when the city was going to start growing.

The four-laning of state road 80 and US 27 are major factors that could contribute to South Bay's growth, Tanner told him.

City Clerk Virginia Walker said several businesses had expressed an interest in the newly adopted Enterprise Zones, but no had come up with a proposal yet.

The meeting adjourned with no decision on whether to hire Gooch for the study.

Charges made

BELLE GLADE - A Belle Glade woman is facing a charge of aggravated battery after she allegedly assaulted her boyfriend late Saturday evening.

According to Belle Glade Police Detective Ray Swaford, Dorothy Laidler, 28, of 66 Everglades Terrace in Okeechobee Center, had supposedly assaulted Jacob McCrany with a pocketknife at about 10:47 p.m.

McCrany took the pocketknife and Laidler allegedly assaulted him with a razor.

McCrany was cut in several places on the arms and the two ended up struggling on the ground before police arrived and took McCrany into custody.

Laidler was taken to Glades General Hospital and was later arrested and charged with aggravated battery.
